

RENEWABLE ENERGY COMPANIES

LISTED ALPHABETICALLY

COMPANY	PRINCIPAL	SERVICES
APPLIED PROACTIVE TECHNOLOGIES INC. 146 Chestnut St., Springfield, MA 01103 (413) 731-6546; Fax: (413) 734-3475 www.appliedproactive.com	Dave Leishman	Works within industries to facilitate movement toward energy efficiency; works to create market-driven shifts resulting in the use of more energy-efficient products; provides customized training programs designed to motivate personnel, improve sales, and encourage energy conservation
BASK POWER 351 Pleasant St., Northampton, MA 01060 (888) 611-2275; Fax: (413) 460-0190 www.baskpower.com	Thom Wright	Full-service renewable-energy provider; consulting for and installation of solar electricity and hot water; wind power, geothermal heat pumps, micro-hydroelectric generators, biomass-fueled systems, and efficiency devices
BERKSHIRE PHOTOVOLTAIC SERVICES 46 Howland Ave., Adams, MA 01220 (413) 743-0152; Fax: (413) 743-4827 www.bpvs.com	Christopher Derby Kilfoyle	Installation of photovoltaic electrical systems
CROWD SOLAR (413) 320-7200 www.crowd-solar.com	Justin Timlin	Helps communities save money on their electricity through a capital-raising strategy that provides an opportunity for community members and businesses to invest in solar projects, which helps the community and provides a profitable return on investment
DONALD CAMPBELL ASSOCIATES 113 Colter Cemetery Road, Northfield, MA 01360 (413) 498-0027 www.dcasolar.com	Donald Campbell	Develops solar photovoltaics and solar domestic hot water; connects clients to resources, grants, technicians, and engineers to get into solar renewable energy in a cost-effective way
EOS VENTURES 37 Corey Road, Hancock, MA 01237 (413) 738-7007; Fax: (413) 738-5729 www.eos-ventures.com	Tyler Fairbank	Develops and finances solar and wind energy projects; completed the only privately owned megawatt-class wind turbine in the U.S. for on-site energy usage
FLODESIGN 380 Main St., Wilbraham, MA 01095 (413) 596-5900; Fax: (413) 596-5355 www.flodesign.org	Stanley Kowalski III	Contract engineering corporation built around the application of aerospace technology to new product development
GREASECAR VEGETABLE FUEL SYSTEMS 933 Main St., Holyoke, MA 01040 (413) 534-0013; Fax: (413) 534-3229 www.greasecar.com	Justin Carven	Vegetable fuel systems; sales of pre-converted vegetable-fuel vehicles and accessories; service of vegetable-fuel and diesel vehicles; vegetable-oil sales
NORTHEAST SOLAR, LLC 136 Elm St., Hatfield, MA 01038 (413) 247-6045; Fax: (413) 647-0006 www.northeastsolar.biz	Donavin Gratz	Design and installation of solar hot water and solar electric, providing customers with integration of renewable-energy needs for commercial, municipal, residential and 'village' solar applications
REENERGIZER INC. 20 Jewett Lane, South Hadley, MA 01075 (413) 322-3324; Fax: (888) 733-5688 re-energizer.homestead.com	Peter McAvoy	Plant-derived biofuels from recycled waste vegetable oil and newly pressed oil-seed crops as a replacement for diesel and heating fuels; collects from food service providers and supplies vehicle, industrial, and residential applications as well as biodiesel processors; consultation, sales, and installation of equipment to heat homes and industrial facilities with clean, green energy
THE SCUDERI GROUP 1111 Elm St., Suite 33, West Springfield, MA 01089 (413) 439-0343; Fax: (413) 439-0266 www.scudergroup.com	Salvatore Scuderi	Research, development, and marketing of the Scuderi Split-Cycle Engine, an air-hybrid engine design patented by the company's founder; the technology has the potential to boost fuel efficiency in internal-combustion engines while significantly lowering emissions
SECURE ENERGY SOLUTIONS 12-14 Somers Road, East Longmeadow, MA 01028 (800) 655-9818; Fax: (413) 733-2574 www.secureenergysolutions.com	Kevin Mattson Joseph Fusco Christopher Duby	Provides solar projects; electricity and natural-gas procurement
STIEBEL ELTRON INC. 17 West St., West Hatfield, MA 01088 (413) 247-3380; Fax: (413) 247-3369 www.stiebel-eltron-usa.com	Frank Stiebel	Manufactures and sells renewable-energy heating products, including solar collectors and storage tanks, that use less energy than traditional means
